

March 2018

Dear friend,

This letter for supporters of evangelism to teens in Latin America is my opportunity to report to you, and say, "Thank you" for your generous support this month. Our job is to help make your desire to reach the world for Christ come true.

**A new school year begins in February!**

While schools in the USA take a break during the summer, schools in Latin America are in session; they typically open sometime during the second half of February and continue through November. So, school has *just begun*.

We are launching in with a full week of outreach in Pucallpa, Peru the first week of March, and we have many more high school events planned for various cities before schools close the end of November. With God's blessing we will be spreading the gospel throughout the land and seeing young people surrender to follow Jesus Christ.

PI ministry is key to the success of local host churches in reaching teens in their communities. New relationships with churches and Christian organizations is growing, opening the door even wider to bring teens to Christ.

**Peru**

Peru is 1,300 miles long on the Pacific coast of South America, and it is as long as the West coast of the continental United states.

It's population is 79% urban. Lima is a megalopolis of more than ten million inhabitants – almost one third of the nation's population of more than 32 million. There is also the metropolis of Arequipa, 21 cities and a large number of towns and villages.

**This is "prime time" for the gospel to teens**

We visit a lot of schools to share the gospel, but I estimate 5.5 million teens attend 11,000 high schools in Peru. Just think what an open door this is for the gospel! Pray with us that God will send more laborers into this harvest field.

Thank you for your important part, helping to support this endeavor for Christ. May God bless you as you serve him this way.

Yours in Christ,
